Letter from the CEO

When you travel with us to Israel, you bring along 50+ years of expertise. IWorld of Travel's epic story began with our founder Ady Gelber whose adventurous spirit is alive in every moment of the experience. The local relationships he nurtured have endured through

the decades to give you incomparable access to the country's wonders—from a behind-the-scenes tour of the famous Bauhaus architecture in Tel Aviv to following in the footsteps of Jesus in Jerusalem, from the profound emotions we feel at the Western Wall to an exhilarating swim in the Dead Sea. Along with a history of biblical

importance, you'll discover a vibrant, thriving, and dynamic culture with an ultra-modern vibe—an Israeli Silicon Valley, filled with successful start-ups in science, space, security, and medicine. You'll also walk through the ruins in Caesarea, gaze at the Lake of Galilee, marvel at King Herod's Masada, ascend the Mount of Olives, wander through Nazareth and Bethlehem, and feel the centuries float by, with the tart taste and vivid red of pomegranates on your lips.

CEO & Chairman of the Board
