## **BORIS BAKIJA** – owner of the BALK company and **captain of Adriatic King**

Boris Bakija is an engineering technician by profession, but seaman and captain by passion. He has earned certification for captain of the ships up to 500 brt.

Boris's sea adventure began in 1989 when he went tuna fishing in the Pacific Ocean and spent the next 9 years at sea (?), until 1998. Upon his return home, he started a new venture and began growing his own fleet of fishing ships. By 2015, he had 3 of them. At the same time, he was running another family business, a small factory for fish processing which is still in operation today.

In 2015, Boris and his business partner bought a small cruise ship, Adriatic Queen, which they still own. In 2017, he decided it was time to say farewell to his fishing boats and he sold them. He bought another small cruise ship, Equator, which sailed for his company BALK during the seasons 2017, 2018 and 2019. At the end of season 2019, he sold Equator and began another era in his sea adventure. He started the construction of the new pearl in his crown, a new ship called Adriatic King which sailed for the first time on June 26th, 2021.

Boris always includes his family in his businesses. The company name, BALK, represents the initials of the Bakija family: Boris, Anita, Lovre and Katarina.
